

SonicWall MSSP Partner Program Guide

Security threats are becoming increasingly sophisticated and organizations are looking for proactive ways to secure their IT environments. Whether their environment is in the Cloud, on-premise or a hybrid, organizations look to managed security services providers (MSSPs) to provide the best-in-class security to protect their business and mitigate future risk.

Leveraging SonicWall's extensive threat intelligence, RTDMI, market-leading product portfolio and award-winning SecureFirst Partner Program, SonicWall has designed the SonicWall MSSP Partner Program to empower MSSPs with the resources and tools they need to protect their customers while improving their operational efficiency and costs.

Why SonicWall?

By joining the MSSP Program, partners can access SonicWall's robust set of threat intelligence solutions in a subscription pricing model that matches the way they do business. The SecureFirst MSSP Program provides go-to-market collaboration, flexible pricing, seamless operations and priority technical support to assure that partnering with SonicWall is secure, simple and profitable.

Key Program Features

- Flexible pricing options that match the way customers want to buy
- Exclusive access to monthly and annual subscription pricing
- Automated provisioning, billing and license management via MySonicWall
- Unified visibility and management across customers' security environment with Capture Client
- Access to an assigned account manager and a sales engineer for partner development and co-selling, and an assigned Solution Architect (Powered Plus tier only)
- MSSP-tailored content and training for sales and technical staff
- Deal Registration protection and co-selling support
- Access to MDF with accrued MDF at the Powered Plus tier
- Access to Tier 3 Premier Technical Support and dedicated Services Account Manager (SAM) at the Powered Plus tier
