Central Email Advanced is the best choice for customers moving from Sophos UTM, offering valued features such S/MIME.
- **More than a Firewall:** Sophos Central opens up a complete ecosystem of possibilities with central management and reporting for one or more firewalls, plus management for all your other Sophos solutions.
- **Xstream Protection:** A single license bundle for advanced protection with Network, Web and Zero-Day Protection plus Central Orchestration for SD-WAN VPN orchestration and a 30-day Central Reporting Advanced data retention period.
