Infinigate in numbers

Our technology and services

We specialise in the leading-edge technologies that are driving organisations' digital transformations.

We aim for total security coverage across on-premises infrastructure, the cloud, and distributed endpoints, with AI-powered networks and automated threat detection and remediation. We offer:

1. Cybersecurity

that helps organisations build their cyber resilience and protect their mission critical systems and data across infrastructure, endpoints and everything in between

2. Secure networks

that harness AI to make networks more intelligent, automated and efficient

3. Secure cloud

that ensure end customers can adopt cloud infrastructure and services rapidly and securely

Cybersecurity compliance advice and solutions

Together with our vendors, we provide partners with advice, consultancy services and a leading portfolio of solutions to ease their customers' path to cybersecurity compliance.

Our services portfolio

With our modular services, partners can fill gaps in their capabilities, or provide 'white labelled' services to end customers. We offer:

Partner enablement services

identify more opportunities, target the right dtrain your teams

Managed services

that ensure your customers' technology stacks perform reliably and deliver the required ROI throughout their lifecycle

Professional configuration and installation

to deliver end-customers' projects reliably and ensure that equipment works 'out of the box'

Support and maintenance

we triage across multi-vendor solutions to maximise responsiveness and minimise downtime and disruption to customers' operations

Vendor-accredited training

to upskill partners and help them build their own services capabilities

Global logistics support

that span all regions globally, with next-day capabilities in the UK and EU

Marketing services

create demands for new services and generate high-value leads with programmatic, ROI-focussed and data driven marketing

Financial services

close more deals with flexible and cost-effective finance solutions

Customer retention

to protect your recurring revenue and optimise your existing customer base

Seize the IT services opportunity

Partners earn up to 10x higher margins from services than traditional hardware and software sales

Gartner predicts a

8.7% 

uplift in IT services spending in 2024
